# I SUPPORT FAIRNESS FOR TEMP AGENCY WORKERS!

The Ontario government recently introduced Bill 139 to provide better protection for temp agency workers. As my MPP, I urge you to support Bill 139 and to ensure:

- ✓ Temp agency workers get **public holiday pay** whether on assignment or on lay-off
- ✓ **NO fees** charged to temp workers by agencies and no fees for permanent job placements
- ✓ **NO barriers** for temp agency workers getting permanent work – get rid of the 6 month barrier in Bill 139!
- ✓ **Information** is given to temp workers about assignments and our basic rights - including the length of assignment and the mark-up - signed by the client company!
- ✓ The **same rights to termination and severance pay** that all other workers have. **No exceptions!**

Workers need **equal pay and working conditions** regardless of where we work! The next step is to expand workers rights protection for all workers!
